### PROFESSIONAL OVERVIEW

Results-driven software engineer with over 9 years of experience in backend and full-stack development. Expertise in designing scalable applications and data integration platforms using technologies like Golang, Node.js, and AWS Services. Proven ability to improve processes and deliver innovative solutions with a focus on seamless system integration.

### WORK EXPERIENCE

#### Senior Tech Lead

Impelsys Pvt Ltd, Bangalore | 2020 - Present

- Developed an outpatient registry using FHIR standards to turn EHRs into actionable insights.
- Used Golang, Node.js, and AWS services (Step Functions, Glue, HealthLake, Lambda) to data ingestion.
- Built a real-time data integration platform to collect, validate, and distribute data in real time using Golang, React.js, and NATS Jetstream.
- Implemented data validation, transaction logging, and a publish-subscribe system for better efficiency and reliability.

#### Senior Software Engineer

Impelsys Pvt Ltd, Bangalore | 2018 - 2020

- Built a SaaS platform with a microservices architecture (Java and Node.js) to train and manage healthcare professionals.
- Supported 350+ hospitals and 100,000+ professionals with tools for productivity, talent management, and skill development.
- Delivered reliable learning resources and improved staff efficiency using RESTful APIs, Jira, and Confluence for project management.
- Developed and optimized backend services, leading to a 40% reduction in response times and improved system reliability.
- Played a key role in developing core system functionalities and maintenance.

#### Senior System Engineer

Infosys Ltd, Mangalore | 2015 - 2018

- Contributed to multiple client projects, focusing on backend API development and database management.
- Worked with cross-functional teams to build scalable client solutions using Agile project management practices.
- Improved system performance and scalability.

### EDUCATION

#### Master of Computer Applications

Kumaraguru College of Technology,  
2015

#### B.Sc. Computer Science

PSG College of Arts & Science,  
2012

### SKILLS

- Java
- Golang
- AWS Services
- Node.js
- React.js

### CERTIFICATION

#### AWS Certified Solutions Architect Associate

Issued: November 2024
