Projects:
iPublishCentral Health & Scholar:

- ➢ Duration : April 2018 – Present
- ➢ Team Size : Dynamic
- ➢ Role : Full Stack Developer
- ➢ Skills used : Java 8, Spring Boot, NodeJS, Angular, GIT, MySQL, PostgreSQL, AWS, Redis, Jira.

A new SAAS product for the hospitals (IPC Health), education institutions (IPC Scholar), to engage their staffs / students to a digital platform to educate, train and manage them, such a way that, to help them to serve or understand better in all aspective.

Its an multi tenant application model, entirely in microservice architecture. Out of 6 microservices, 4 are in java and 2 are in nodeJs. We are using Jira and confluence for project management. Used GitLab but now migrated to BitBucket for code management.

Spring Configuration Framework:

- ➢ Duration : October 2017 – March 2018
- ➢ Team Size : 1
- ➢ Role : R&D, Developer
- ➢ Skills used : Java 8, Spring Boot, Spring Cloud

It is a research and analysis project where we have to come up with the generic spring component for configurations which will be used in all spring based applications. The ultimate requirement of this component is to use the common configuration across all the environments without any change in code. It also includes security, logger, business related properties, etc. My responsibility is to research and develop the new component in spring boot.

PAS - PoC:

- ➢ Duration : July 2017 – October 2017
- ➢ Team Size : 6
- ➢ Role : Developer
- ➢ Skills used : Angular 4, Mongo DB, HTML and CSS

It is a SPA developed for Infosys. It is a POC to demonstrate platform capabilities for insurance company. In this PoC, I had played an UI developer role and used Angular 4 for client side coding, along with back-end development task.

Rewards and Recognitions:

- • Best New comer award for individual at Impelsys.
- • Best Team award for the Q2 in 2019 – 2020.
- • Awarded as a best team player and a proactive performer at Infosys.
- • Runner-up in Hackathon'18 DC level competition held at Infosys Mangalore.
- • Recognized as a special performer during 2016 - Q4 and awarded with performance bonus.
